

# WORLD PHYSIOTHERAPY DAY 2022

## Street Play

World Physiotherapy day, celebrated on 8<sup>th</sup> September every year, marks the unity and solidarity of the global physiotherapist community. It is an opportunity to recognise the work physiotherapists do for their patients and the community. World Physiotherapy day aims to spread awareness about physiotherapy among professionals and common people.

Students of M.A Rangoonwala College of Physiotherapy and Research displayed the importance of physiotherapy through street plays. Students of 1<sup>st</sup> year physiotherapy showed the positive effects, physiotherapy has on the patients who suffer from cerebral palsy, sports injuries and problems faced by people in the IT sector. Students of 2<sup>nd</sup> year physiotherapy performed the melodious street play on positive effects of physiotherapy on geriatric patients in front of the students and staff of Azam Campus.

The event commenced near the A.R.S Assembly hall, beautifully coordinated by the staff members, Dr. Mamta Chainani and Dr. Haji Ismail. The enthusiasm, creativity and liveliness shown by the students was worth appreciating. We are thankful to Mrs. Abeda Inamdar (President, M.M.E & R.C), Dr. Arif Memon (Vice President), Dr. Nazim Shaikh (Secretary) and Dr. Ronika Agrawal (Principal) for their constant support in organizing this event.
