

## M.M.E. & R.C's

### M.A. RANGOONWALA COLLEGE OF PHYSIOTHERAPY AND RESEARCH

#### Report of World Physiotherapy Day 2023

On September 8<sup>th</sup> 2023, World Physiotherapy Day was celebrated to raise awareness about the crucial role that physiotherapists play in promoting health, well-being, and rehabilitation. To observe this important day, a debate competition was organized, bringing together professionals and students, from the field of physiotherapy. It was held in the college from 2 PM to 4 PM. The participants were Physiotherapy students who showcased their knowledge and debating skills.

The Debate Topics included “Tele-rehabilitation “- for and against the motion and “Artificial Intelligence in Physiotherapy”- for and against the motion. The competition was judged by Dr Seemab Khan and Dr Sumayya Shaikh based on style, content, and strategy of the speech.

The event served as a reminder of the vital role that physiotherapists play in improving the lives of individuals through rehabilitation and wellness promotion.

We thank our management Mrs. Abeda Inamdar, President, Dr. Arif Memon, Vice President, and Dr. Nazim Shaikh, Secretary, for giving us an opportunity to conduct this event successfully. The event was conducted under the guidance of the Dr. Ronika Agrawal, Principal and was conducted by Dr Mamta Chainani.
